Except as otherwise provided for expressly under this Tariff, any additional Passenger protections and compensation shall be limited to amounts which are objectively commercially reasonable and commensurate with the level of service contracted for by said Passengers.

Except as otherwise provided for herein, Carrier may take all reasonable actions whatsoever, within Carrier's sole and absolute discretion, that may be required from time to time.

Rule 3: APPLICATION OF TARIFF

(A) General

1. This tariff is applicable to the transportation of Passengers and their baggage or goods in scheduled service on aircraft operated by the Carrier. For the avoidance of doubt, irrespective of the source of ticketing, including where the ticket may have been issued by a third-party travel agent, reseller or indirect air service provider, the terms of this tariff remain applicable to the transportation of Passengers and their baggage or goods in scheduled service on aircraft operated by the Carrier.
2. Scheduled transborder transportation shall be subject to the rules, rates and charges published or referred to in this tariff in effect, by virtue of the effective date of each page.
3. Unless the fare rule governing a specific fare basis code applicable to the transportation purchased by the Passenger states otherwise, the general rules contained in this tariff will apply.
4. The content of this tariff are incorporated by reference into the Contract of Carriage. Should there be a conflict between this Tariff and the Contract of Carriage or any other document issued or posted by the Carrier, this Tariff will prevail.
5. The Carrier will be responsible for the furnishing of transportation only over its own lines. However, when the carrier issues a ticket, baggage check, or makes any other arrangements for transportation over the services of any other carrier (whether or not such transportation is part of a through service), the carrier acts only as agent for such other carrier and the tariff of that other carrier will apply. Flair Air assumes no responsibility for the acts or omissions of such other carrier and Carrier shall have no liability whatsoever for any operations or travel services which are not operated by Carrier, including, and without limiting the foregoing, where Carrier is acting solely as agent for another travel service provider with respect to any other travel booking, including travel aboard another air carrier, and such operations or travel services are subject only to the applicable terms and conditions imposed by such other travel service provider.
6. No agent, employee or representative of the Carrier has authority to alter, modify or waive any provisions of the contract of carriage or of this tariff unless authorized in writing by an officer of the Carrier.

7. Transborder transportation will be subject to the rules relating to liability established by, and to all other provisions of the Convention. In the event the Carrier has stipulated any conflicting limits of liability contained in this tariff with those contained in the Convention, the limits of the convention shall be paramount even if the limits established by Carrier in this Tariff are higher than those provided for within the applicable Convention. In all other instances, tariff rules which are inconsistent with any provision of the Convention will, to that extent, be inapplicable to Transborder transportation.

(B) Gratuitous Carriage

With respect to gratuitous carriage, and except as otherwise required by the provisions of the Convention, the Carrier reserves the right to exclude the application of all or any part of this tariff.

(C) Change Without Notice

Except as may be required by applicable laws, government regulations, orders and requirements, the Carrier's rules, regulations and conditions of carriage are subject to change without notice; provided, that no such change shall apply to a contract of carriage after the carriage has commenced.

(D) Effective rules, fares and charges

1. All carriage of passengers and/or baggage shall be subject to the Carrier's rules, regulations, and tariffs in effect on the date of commencement of carriage covered by the first flight listed on the ticket. Where required by local law or regulation, carriage of passengers and/or baggage shall be subject to the Carrier's rules, regulations, and tariffs in effects on the date of the ticket issuance.
2. The applicable fare is the fare in effect on the date which the ticket is issued. No increase in fares or charges applicable to the carriage of passengers will be collected in the event that an increase in fares or charges occurs between the time of ticket issuance and the effective date of any subsequent tariff containing such an increase provided the confirmed ticketed reservations are not changed and the ticket is not reissued at the passenger's request.
3. All rates and charges published in this Tariff are stated in the lawful currency of Canada, except where such purchases are made in or are required to be in the currency of another country or state. Purchases made on-board the Carrier's aircraft may not be paid for with cash. Based on the location of fee payment, conversion to Canadian dollars or to the local currency may occur. When travel commences in Canada, payment for tickets will be in Canadian dollars at the Canadian dollar fare, or its equivalent in other currencies converted to Canadian dollars at the Bankers' Buying Rate of Exchange. When travel commences in the United States, payment for tickets may be in U.S. dollars at the U.S. dollar fare, or in Canadian dollars at the Canadian dollar fare, or its equivalent in other currencies converted to U.S. dollars at the Bankers' Buying Rate of Exchange. Baggage charges and ancillary fees collected after the initial ticketing process will be charged in the currency of the point of departure.

(E) Passenger Recourse

Any compensation offered to Passengers is offered pursuant to this Tariff and is, subject to applicable government regulations, in consideration and settlement of any claims a Passenger may have against the Carrier, whatsoever. In the case of dispute with the Carrier, Passengers should, as the first recourse, try to resolve any problem by dealing directly with the Carrier. If the Passenger has attempted to resolve a complaint with the Carrier and is still not satisfied, the Passenger hereby agrees to the exclusive jurisdiction of the Canadian Transportation Agency with regards to any disputes arising from or under this Tariff or a Contract of Carriage, except to the extent such dispute relates solely to bodily injury or death in which case the appropriate court shall have jurisdiction over such matter.

(F) Fares Published in Error

From time to time, errors may occur when posting fares (fare in error). A fare in error is one which the Carrier has, in good faith, mistakenly published and which is clearly erroneous when compared to fares usually published for a segment.

1. The Carrier reserves the right to cancel reservations and/or tickets issued with a quoted fare in error.
2. The Carrier reserves the right to void the purchased ticket and refund the amount paid by the Passenger or, if Passenger agrees to forego the refund, offer the Passenger the ticket at a published fare that should have been available at time of booking.
3. The Carrier will attempt to notify the Passenger using the contact information provided at the time of booking;
4. Within 72 hours after the Carrier becomes aware of the fare in error, that all or any portion of their ticketed itinerary has been cancelled; or
5. At least 24 hours prior to the Passenger's scheduled departure from the point of origin issued on the ticket, that all or any portion of their ticketed itinerary has been cancelled, if the ticket was purchased less than 72 hours before their scheduled departure from the point of origin.

Failure of the Passenger to either acknowledge the contact and/or engage the Carrier with respect to their position prior to the scheduled departure of the first flight of their itinerary shall be deemed acceptance by the Passenger that their ticket shall be voided and the purchase value refunded.

(G) Accepted Methods of Payment

All rates and charges in this Tariff are in Canadian Dollars, except where such purchases are made in or are required to be in the currency of another country or state. Purchases made on-board the Carrier's aircraft may not be paid for with cash. Based on the location of fee payment, conversion to Canadian dollars or to the local currency may occur. When travel commences in Canada, payment for tickets will be in Canadian dollars at the Canadian dollar fare, or its equivalent in other currencies converted to Canadian dollars at the Bankers' Buying Rate of Exchange. When travel commences in the United States, payment for tickets may be in U.S. dollars at the U.S. dollar fare, or in Canadian dollars at the Canadian dollar fare, or its equivalent in other currencies converted to U.S. dollars at the Bankers' Buying Rate of Exchange. Payment may be made using credit cards (VISA®, Mastercard®)

or American Express®), debit cards (VISA® Debit or Mastercard® Debit)(where available)or Vouchers. Only credit card payments are accepted on the www.flyflair.com website and by the call centre. Credit card and bank fees may be charged in some countries in connection with the purchases made on the Carrier's website. Additional bank fees or credit card fees charged by the customer's credit card provider or bank in connection with a purchase will be borne solely by the customer. Flair Airlines charges the exact amount of the price shown at the moment of purchase without applying any transaction or service fees. Customers are advised to contact card issuer in order to obtain the nature and the amount of any eventual additional fees before finalizing your purchase. By finalizing your purchase, customer confirms that they have been advised of this. Carrier shall not be responsible for any additional fees applied by customer's card issuer. To avoid fraudulent purchases, (e.g. due to a lost card or the provision of false information), Carrier reserves the right to request additional information from the Passengers and/or the cardholder at any time after a purchase has been made - including at check-in - so that it may verify the information provided when the purchase was made. Carrier also reserves the right to require another form of payment should a customer not be able to accurately provide such additional information. Furthermore, Carrier reserves the right to cancel a Flight Coupon in case of suspected fraud, theft or dishonesty. By booking through the website, you acknowledge and consent that Carrier may, without your signature, draw payment from your credit or debit card to complete the transaction.

Rule 4: PROTECTION OF PERSONAL INFORMATION

(A) Accountability

The Carrier uses contractual means to ensure that the Passenger's personal information is afforded protection whenever a third party is used to perform services on the Carrier's behalf, including, without limitation, services relating to information technology, data processing and storage, research, marketing, conducting surveys and customer relations. In some cases, these third-parties may be located outside Canada and may be required to disclose information to government authorities in those countries.

Should the Passenger have any questions regarding the Carrier's policy with respect to the protection of personal information or concerns with respect to the Carrier's handling of personal information, the Carrier may be contacted at: personalinfo@flyflair.com.

(B) Identifying Purpose of Collection

When a Passenger purchases an airline ticket or makes a flight booking, or when a third party does so on the Passenger's behalf, the Carrier will require that certain personal information related to the Passenger be provided to complete the transaction. This may include, at carrier's sole and absolute discretion, the Passenger's name, gender, address, e-mail address, telephone number, and information related to the Passenger's form of payment. This information is required to identify the Passenger, in order to contact the Passenger, and to complete the purchasing process. Carrier may use this information for any purposes, whether related to commercial or operational requirements, or otherwise, including with regards to any current and future bookings made by a Passenger or any third party acting on their behalf.

(C) Passenger Information required by Government Authorities

There may be situations in which the Carrier is required by government authorities to collect, use or disclose personal information about a Passenger, without the Passenger's knowledge or consent. Information that carriers are required to collect by government authorities, as a result of the Passenger's boarding location and destination, may include: the Passenger's full name; date of birth; citizenship; gender; passport number and country of issuance; visa number (including ETA or ESTA information); permanent resident card number; the means by which the Passenger paid for his or her flight; details as to how it was booked; and any other personal information collected by the Carrier as set out in this policy or as required by such government authority.

(D) Information collected for Additional Services or Marketing and Related Purposes

When the Carrier is requested to provide additional services, for example, the provision of special meals, oxygen or stretcher services, or the accommodation for Passengers with disabilities, etc. the Carrier or their agent may collect additional personal information not otherwise required.

Personal information collected from Passengers may also be used for marketing and related purposes.

(E) Consent

The Carrier will collect, use and disclose personal information about the Passenger with the Passenger's knowledge and consent, unless otherwise required or allowed by law. Prior to collecting personal information, the Carrier will identify the purposes for doing so and limit the collection, use and disclosure of personal information to those purposes.

Generally, the Carrier will collect personal information from the Passenger, and use it and disclose it with consent received from the Passenger or from someone on the Passenger's behalf.

There may be certain circumstances where personal information can be collected, used, or disclosed without the knowledge and consent of the Passenger. For example, legal, medical, or security reasons may make it impossible or impractical to seek consent. When information is being collected for the detection and prevention of fraud or for law enforcement, seeking the consent of the Passenger might defeat the purpose of collecting the information. Seeking consent may be impossible or inappropriate when the Passenger is a minor, seriously ill, or has a mental health condition.

(F) Third Party Bookings and Changes to Bookings

If a third party, including a family member, friend, or work colleague, seeks to make a booking on a Passenger's behalf, that third party may be asked to provide the Carrier with the same personal information that the Carrier would normally collect from the Passenger directly in order to complete the transaction. Rule 17: CARRIAGE OF PERSONS WITH DISABILITIES

(A) Acceptance for Carriage

The Carrier will make every reasonable effort to accommodate a person with a disability and will not refuse to transport a person solely based on his/her disability. In instances when refusing transportation to a person with a disability is necessary, the Carrier will provide an explanation to the person for the decision to refuse carriage at the time of the refusal.

(B) Acceptance of Declaration of Self-Reliance

Except for applicable safety-related rules and regulations, Carrier will accept the determination made by or on behalf of a person with a disability as to self-reliance. Once advised that he or she is "self-reliant," the Carrier will not refuse such Passenger transportation on the basis that the person with a disability is not accompanied by a personal attendant or based on the assumption that the Passenger may require assistance from airline employees in meeting the Passenger's needs such as assistance with eating, using the washroom facilities or administering medication which are beyond the range of services that are normally offered by Carrier.

(C) Medical Clearance

The Carrier will not automatically require a medical clearance for persons with disabilities as a condition of travel. Rather, the Carrier may, in good faith and using its reasonable discretion, determine that a person with a disability requires medical clearance where their safety or well-being, in terms of such things as assistance with eating, using the washroom facilities, or that of other Passengers is in question. Where the Carrier refuses to transport a Passenger for such reasons, a written explanation must be provided at the time of refusal. When medical clearance is required, the Carrier may assess a person's fitness to travel based on information and/or documentation submitted by the person with a disability (such as a note from the person's physician or healthcare professional).

(D) Advance Notice

Where possible, the Carrier will allow persons with disabilities to retain any items outlined in (b),(c) or (d) at their seat.

Where space permits, Carrier will, without charge, permit the person to store a manually operated folding wheelchair and small aids in the Passenger cabin during the flight.

The Carrier will assign a seat to the person, provided that the Carrier has been notified in advance, which provides sufficient space for the person and the Service Animal and the Carrier will permit the Service Animal to accompany the person on board the aircraft and to remain on the floor at the person's Passenger seat. Where there is insufficient floor space in the seat row of the person's Passenger seat, Carrier will permit the Service Animal to remain on the floor in an area where the person can still exercise control over the animal.

Service Animals that are causing a disruption, including barking, chirping, howling, growling, or other disruptive occurrences, in the Carrier's sole and absolute discretion, may be denied carriage. The Passenger assumes full responsibility for the Service Animal and shall make all necessary arrangements to obtain valid health and vaccination certificates, entry permits and other documents required by countries, states or territories for entry or transit. The Carrier may also require a person, even in the absence of a request to do so, to board the aircraft in advance of other Passengers in order that it has sufficient time to provide the requested assistance.

(L) Communication and Confirmation of Information

Announcements to Passengers concerning stops, delays, schedule changes, connections, onboard services and claiming of baggage will be made in visual, verbal and/or written format to persons with disabilities who request such a service.

Rule 25: LIMITATIONS OF LIABILITY

Applicable to transportation between points in Canada and points in the United States of America.

(A) Successive Carriers

Transportation to be performed under one ticket or under a ticket issued with any conjunction ticket by several successive carriers will be regarded as single operation.

(B) Liability in the case of death or bodily injury of a passenger

1. The carrier shall be liable under Article 17 of the Warsaw Convention or Montreal Convention, whichever may apply, for recoverable compensatory damages sustained in the case of death or bodily injury of a Passenger, as provided in the following paragraphs:
 - (a) The carrier shall not be able to exclude or limit its liability for damages not exceeding 113,100 Special Drawing Rights for each Passenger.
 - (b) The carrier shall not be liable for damages to the extent that they exceed 113,100 Special Drawing Rights for each Passenger if the carrier proves that:
 - i) Such damage was not due to the negligence or other wrongful act or omission of the carrier or its servants or agents; or
 - ii) Such damage was solely due to the negligence or other wrongful act or omission of a third party.
 - (c) The carrier reserves all other defenses and limitations available under the Warsaw Convention or the Montreal Convention, whichever may apply, to such claims including, but not limited to, the exoneration defense of Article 21 of the Warsaw Convention and Article 20 of the Montreal Convention, except that the Carrier shall not invoke Articles 20 and 22(1) of the Warsaw Convention in a manner inconsistent with paragraphs 1 and 2 hereof.
 - (d) With respect to third parties, the Carrier reserves all rights of recourse against any other person, including, without limitation, rights of contribution and indemnity.
 - (e) The carrier agrees that, subject to applicable law, recoverable compensatory damages for such claims may be determined by reference to the laws of the country of the domicile or country of permanent residence of the Passenger.
2. In cases of bodily injury or death, the carrier shall make an advance payment where the Carrier determines it is necessary to meet the immediate economic needs of, and hardship suffered by, a Passenger as provided in the following paragraphs:
 - (a) Unless a dispute arises over the identity of the person to whom an advance payment shall be made, the Carrier shall, without delay, make the advance payment to the Passenger in an amount or amounts determined by the Carrier in its sole discretion. In the event of death of a Passenger, the amount of the advance payment shall not be less than 16,000 Special Drawing Rights, which shall be paid

to a representative of the Passenger's next of kin eligible to receive such advance payment as determined by the Carrier in its sole discretion.

- (b) The Carrier shall make the advance payment as an advance against the Carrier's liability under the Warsaw Convention, or the Montreal Convention, whichever may apply. An advance payment shall not constitute recognition of liability. An advance payment shall be offset against, or deducted from the payment of, any settlement or judgment with respect to any claim for compensation on behalf of the Passenger.
 - (c) The Carrier, in making an advance payment, does not waive any rights, defenses, or limitations available under the Warsaw Convention, or the Montreal Convention, whichever may apply, to any claim, nor shall acceptance of an advance payment constitute a release of any claim, whatsoever, by any person.
 - (d) The Carrier, in making an advance payment, preserves its right to seek contribution or indemnity from any other person for such payment, which shall not be deemed to be a voluntary contribution or contractual payment on the part of the Carrier.
 - (e) The Carrier may recover an advance payment from any person where it is proven that the Carrier is not liable for any damage sustained by the Passenger, or where it is proven that the person was not entitled to receive the payment, or where and to the extent that it is proven that the person who received the advance payment caused, or contributed to, the damage.
3. In no cases shall the carrier's liability exceed the actual loss suffered by the Passenger. All claims are subject to proof of amount of loss.
4. Unless otherwise required by the convention or in other applicable foreign legislation, the carrier is not liable:
- (a) In the case of any Passenger whose age or mental or physical condition, including pregnancy, presents a risk or hazard, for any damages sustained by that Passenger that would not have been sustained but for his/her age or mental or physical condition; or
 - (b) In the case of a pregnant Passenger, for any damages in respect of the unborn child of that Passenger.

(C) Liability in the case of delay of Passenger

1. The Carrier shall be liable for damage occasioned by delay in the carriage of Passengers by air, as provided in the following paragraphs:
- (a) The Carrier shall not be liable if it proves that it and its servants and agents took all measures that could reasonably be required to avoid the damage, or that it was impossible for it or them to take such measures.
 - (b) Damages occasioned by delay are subject to the terms, limitations and defenses set forth in the Warsaw Convention and the Montreal Convention, whichever may apply, in addition to any limitation or defense recognized by a Court with proper jurisdiction over a claim.

(c) The Carrier reserves all defenses and limitations available under the Warsaw Convention or the Montreal Convention, whichever may apply to claims for damage occasioned by delay, including, but not limited to, the exoneration defense of Article 21 of the Warsaw Convention and Article 20 of the Montreal Convention. Under the Montreal Convention, the liability of the Carrier for damage caused by delay is limited to 4,694 SDR per Passenger. The limits of liability shall not apply in cases described in Article 25 of the Warsaw Convention or Article 22(5) of the Montreal Convention, whichever may apply.

(D) Liability in the case of destruction or loss of, damage to, or delay of baggage

1. The carrier is liable for damages sustained in the case of destruction or loss of, damage to, or delay of checked or unchecked baggage as set out in the following paragraphs:
 - (a) Except as provided below, the liability of the Carrier is limited to 1,131 Special Drawing Rights for each Passenger in the case of destruction, loss, damage, or delay of baggage, whether checked or unchecked, under the Warsaw Convention or the Montreal Convention, whichever may apply, limited to the reasonable replacement costs of the destroyed, lost, damaged or delayed baggage. Unless the Passenger proves otherwise:
 - i) All baggage checked by a Passenger shall be considered to be the property of that Passenger;
 - ii) A particular piece of baggage, checked or unchecked, shall not be considered to be the property of more than one Passenger; and
 - iii) Unchecked baggage, including personal items, shall be considered to be the property of the Passenger in possession of the baggage at the time of embarkation.
2. Receipt by the Passenger entitled to delivery of checked baggage without complaint is *prima facie* evidence that the same has been delivered in good condition and in accordance with the document of carriage
3. Notwithstanding anything else in this tariff, in the case of damage to baggage, the Passenger entitled to delivery must complain to the carrier forthwith after the discovery of the damage, and, at the latest, within seven days from the date of receipt in the case of checked baggage. In the case of delay, the complaint must be made at the latest within twenty-one days from the date on which the baggage has been placed at the Passenger's disposal.
4. If no complaint is made within the times aforesaid, no action shall lie against the carrier.

(E) Service animals

Should injury or death of a Service Animal result from the fault or negligence of the Carrier, the Carrier will undertake to provide, expeditiously and at its own expense, medical care for or replacement of the Service Animal.

Note: this provision is not applicable to a person with a disability's mobility aid.

(F) Additional Limitations of Liability

1. The Carrier is not liable for any damages directly and solely arising out of its compliance with any laws, government regulations, orders, or requirements or from the failure of the Passenger to comply with same or out of any cause beyond the Carrier's control.
2. The Carrier is liable for damage sustained in case of destruction or loss of, or of damage to, checked baggage upon condition only that the event which caused the destruction, loss or damage took place on board the aircraft or during any period within which the checked baggage was in the charge of the Carrier. However, the Carrier is not liable if and to the extent that the damage resulted from the inherent defect, quality or vice of the baggage. Further, the carrier's liability for the destruction, loss, damage or delay of baggage is subject to the terms, limitations and defenses set forth in the Warsaw Convention and the Montreal Convention, whichever may apply, in addition to any limitation of defense recognized by a Court with proper jurisdiction over claim.
3. The Carrier is not liable for damage to the Passenger's baggage caused by contents of the Passenger's baggage. Any Passenger whose property causes damage to another Passenger's baggage or to the property of the Carrier will compensate the Carrier for all losses and expenses it incurs as a result.
4. In the case of unchecked baggage, the Carrier is liable only to the extent that the damage resulted from its fault or that of its servants or agents.
5. Any exclusion or limitation of liability of the Carrier under this tariff or under the Passenger's ticket will apply to agents, servants or representatives of the Carrier who were performing services in furtherance of the contract of carriage and also to any person whose aircraft is used by the Carrier and its agents, servants or representatives who are performing services in furtherance of the contract of carriage.
6. The owner of a pet or service animal will be responsible for compliance with all government regulations and restrictions including providing valid health and rabies vaccination certificates when required. The Carrier will not be liable for loss or expense due to the Passenger's failure to comply with this provision and the Carrier will not be responsible if any pet is refused transportation.
7. Except as otherwise provided for under Paragraph Rule 17:(F)(f), and notwithstanding the limitations of liability as contained in this rule, and, the limit of liability will be waived for claims involving the loss of, damage to, or delay in delivery of mobility aids, when such items have been accepted as checked baggage or otherwise. In the event that a mobility aid is lost or damaged, compensation is to be based on the cost of the repair or replacement value of the mobility aid. In the event that a mobility aid is lost or damaged:
 - (a) The Carrier will immediately provide a suitable temporary replacement without charge;
 - (b) If a damaged aid can be repaired, in addition to (a) above, the Carrier will arrange, at its expense, for the prompt and adequate repair of the aid and return it to the Passenger as soon as possible; and

- (c) If a damaged aid cannot be repaired or is lost and cannot be located within 96 hours following the Passenger's arrival, the Carrier will in addition to (a) above, replace it with an identical aid satisfactory to the Passenger, or reimburse the Passenger for the replacement cost of the aid.

(G) Time Limitations on Claims and Actions

Under the Warsaw Convention and the Montreal Convention, whichever may apply, an action for damages must be brought within two years, and a complaint must be made to the carrier within seven calendar days in the case of damage to baggage, and 21 calendar days in the case of delay thereof. For baggage claims, reimbursement for expenses will be based upon acceptable proof of claim.

(H) Overriding Law

If any provision contained or referred to in the ticket or this tariff is found to be contrary to an applicable law, government regulation, order or requirement, which cannot be waived by agreement of the parties, such provision, to the extent that it is invalid, shall be severed from the ticket or tariff and the remaining provisions shall continue to be of full force and effect.

(I) Modification and Waiver

No agent, servant or representative of the Carrier has the authority to alter, modify, or waive any provisions of this tariff.

(J) Gratuitous Transportation

All Passengers who are transported gratuitously by the carrier will be governed by all the provisions of this rule and by all other applicable rules of this tariff.

Rule 26: REFUNDS

(A) General

1. The Passenger must present to the carrier or its authorized agent the unused Flight Coupons of a ticket, an itinerary/receipt, a record locator, or a reservation number as satisfactory proof that the Passenger has unused portions of a ticket which are eligible for refund.
2. Provided that a Flight Coupon is eligible for a refund, a request for a refund must be received by Carrier before the commencement of the flight pursuant to which a refund is being requested, except in the case of death of the Passenger.
3. The carrier will only make a refund to the person who purchased the ticket.
4. If, at the time of ticket purchase, the purchaser designates another person to whom the refund shall be made, then the refund will be made to the person so designated. To do so, the Passenger must contact the carrier directly.
5. Acceptance of a refund by the Passenger will release the carrier from further liability.

6. In any instance where refunds are appropriate, the carrier will process requests in a timely manner and refund the fare in the original form of payment.

(B) Involuntary Refunds

1. Involuntary refunds are not subject to any restrictions contained in the applicable fare rule.
2. The amount of the involuntary refund will be as follows:
 - (a) If, due to a schedule irregularity within the carrier's control or denied boarding in accordance with the tariff, the Passenger chooses to no longer travel due to loss of purpose of travel or if alternate travel could not be provided within a reasonable time, the carrier will
 - i) in the case of a Schedule Irregularity that occurs before the commencement of travel, provide the Passenger a full refund equal to the fare and charge paid provided that the Passenger elects for this before the commencement of travel; or
 - ii) in the case of a Schedule Irregularity that occurs after the commencement of travel, a full refund equal to the fare and charge.
 - (b) If, due to a schedule irregularity within the carrier's control or denied boarding in accordance with the tariff, the Passenger chooses to no longer travel because the alternate transportation offered does not meet with the Passenger's satisfaction, the carrier will offer a refund equal to the fare and charge paid.
 - (c) If, due to a schedule irregularity not within the carrier's control or a refusal to transport in accordance with the tariff, no portion of a ticket has been used, the amount of refund will be equal to the fare and charges paid; or
 - (d) If, due to a schedule irregularity not within the carrier's control or a refusal to transport in accordance with the tariff, a portion of the ticket has been used, the amount refunded to the purchaser will be the one that results in the most generous amount using one of the following methods:
 - iii) The difference between the fare paid and the fare for transportation actually used or to be used; or,
 - iv) Provided that the point where travel terminated was on the Passenger's routing as shown on the original ticket and the routing remains unchanged, the Passenger will be refunded the difference between the one way fare applicable to the unused transportation from the point where the Passenger terminated travel to the destination or next stopover point as named on the ticket or to the point at which transportation is to be resumed less the same rate of discount, (if travel is on a discount fare) that was applied to the original one way fare (including all charges). If the Passenger was travelling on a round trip, the amount refunded would be based on the rate of discount of one half of the round trip fare; or,
 - v) If the point where the Passenger terminated travel was not on the routing specified on the ticket, the refund will be based on the lowest applicable fare of the carrier operating between the point where the Passenger terminated

travel to the destination or next stopover point named on the ticket or to the point at which transportation is to be resumed.

3. Involuntary refund of tickets shall be made in the currency used to issue the ticket and in the country where the ticket was purchased, whenever possible. However, Canadian dollar refunds or refunds in the currency of the country where the involuntary refund is necessary may be made at the request of the Passenger provided a refund in such currency is not prohibited by local government foreign exchange control regulations.

(C) Voluntary Refunds

1. Voluntary refunds will be based on the applicable fare at the time of ticket issuance, and the refund will be made in accordance with any restrictions contained in the applicable fare rule.
2. Voluntary refunds will be made only by the carrier which originally issued the ticket or its authorized agent.
3. If no portion of a ticket has been used, the refund will be full amount of the fare paid less any cancellation fee and/or service charge.
4. If a portion of the ticket has been used, the refund will be an amount equal to the difference between the fare paid and the applicable fare for travel between the points for which the ticket has been used, less any cancellation fee and/or service charge.
5. Voluntary refund of tickets shall be made in the currency used to issue the ticket and in the country where the ticket was purchased, whenever possible.

(D) Time Limit for Requesting a Refund

Where a refund is permitted, a request for refund from the Passenger shall be received by Carrier at the time of cancellation or schedule irregularity and before the flight is operated, except in the case of death of the Passenger.

(E) Refunds in the Case of Death

When transportation is cancelled as a result of the death of the Passenger, a member of the immediate family or travelling companion, the refund will apply as follows:

1. Refunds in the case of death are not subject to any restrictions contained in the applicable fare rules.
2. If no portion of a ticket has been used, the amount of refund will be equal to the fare and charges paid.
3. If a portion of the ticket has been used, the refund will be equal to the difference between the fare paid and the applicable fare for travel between the points for which the ticket has been used and will not be subject to any cancellation fee and/or service charge.
4. Refunds will only be made upon presentation of the unused coupon(s) and death certificate, or a copy duly executed by the competent authorities (i.e. those designated

to issue a death certificate by the applicable laws of the country concerned), in the country in which the death occurred.

5. In the case of death of the Passenger, the refund will be made to the estate of the Passenger.

(F) Refusal to Refund

The carrier may refuse to refund the Passenger's ticket if that ticket is presented for refund after its validity has expired.

For tickets involving international travel, certain countries limit the amount of time the Passenger may stay in a particular country without a visa or other official government documentation granting permission to stay for an extended period of time. Accordingly, the refund of unused coupon(s) may be refused, unless the Passenger is able to prove that he/she has received government permission to remain in the country or is departing the country on another carrier or by other means of transport.
